Dear Mr. Bley:

On October 18, 2012, a representative of the U. S. Environmental Protection Agency (EPA) inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA).

A Notice of Violation (NOV) was issued to your company during the inspection. I have reviewed your October 29, 2012, response to the NOV and determined that it adequately addresses the violations listed in the NOV. Therefore, no further submittals are required at this time. Please note that the EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of this inspection, regardless of whether the violations were subsequently corrected.

I encourage you to contact the Kansas Department of Health and Environment (KDHE) at (785) 296-1600 to obtain a copy of their hazardous waste regulations or to ask any questions you may have regarding the regulations. If you have any questions regarding this letter, please feel free to contact me at (913) 551-7720.

Sincerely,
